

Technical Data Sheet

Matt coated Banner

Stock Code	H15FLAT		
Material Details			
Product	Coated Banner	Fabric	1000D*1000D 20*20 510g
Standard	GB/T4669-2008. GB/T3820-§997, GB/T§3022-1991. HG/T2581-1994		
Test Items	Weight, thickness, tearing strength, tensile strength, peeling strength, FR		

Items		Standard	Result
Weight	g/m2	GB/T4669-2008	512
Thickness	mm	GB/T3820-1997	0.41
Tensile	L	GB/T13022-1991	2650
Strength	W		2615
Tearing Strength (N/5CM)	L	HG/T2581-1994	278
	W		265
Peeling Strength (N/5CM)		GB/T8808-1988	80
			80
FR		GB/T5455-1997	Self Extinguishing
Storage Period	One year under condition of 20°C and relative humidity of 50%		
Application	Excellently compatible with various Solvent based digital printers. Perfect printing impression with stable ink absorption and fast drying ability. Matt appearance. High industrial strength yar, especially suitable for big billboard.
